

At Barcelona Training Academy, we are committed to protecting your privacy and ensuring the confidentiality of your personal information. We do not share any mobile numbers or SMS-related data with third parties or affiliates for marketing or promotional purposes. Your mobile information will only be used for the purposes explicitly stated, such as providing you with notifications, alerts, and occasional marketing communications that you have consented to receive.

While we may share certain information with subcontractors or service providers that assist us in delivering essential services—such as customer support or technical assistance—this is done solely to enhance your experience with us and is strictly limited to service-related purposes. These subcontractors are bound by strict confidentiality agreements and are not permitted to use your information for any other reason beyond providing the contracted services.

All other use case categories specifically exclude text messaging originator opt-in data and consent. This means that your consent to receive SMS communications, as well as the data related to your opt-in, will never be sold, rented, or shared with third parties for any unrelated purposes. We take your privacy seriously and are dedicated to safeguarding your information in compliance with all applicable privacy laws and regulations.
